

3D PRINTING PROJECT

GROUP-1

PROJECT: IITR TROPHY

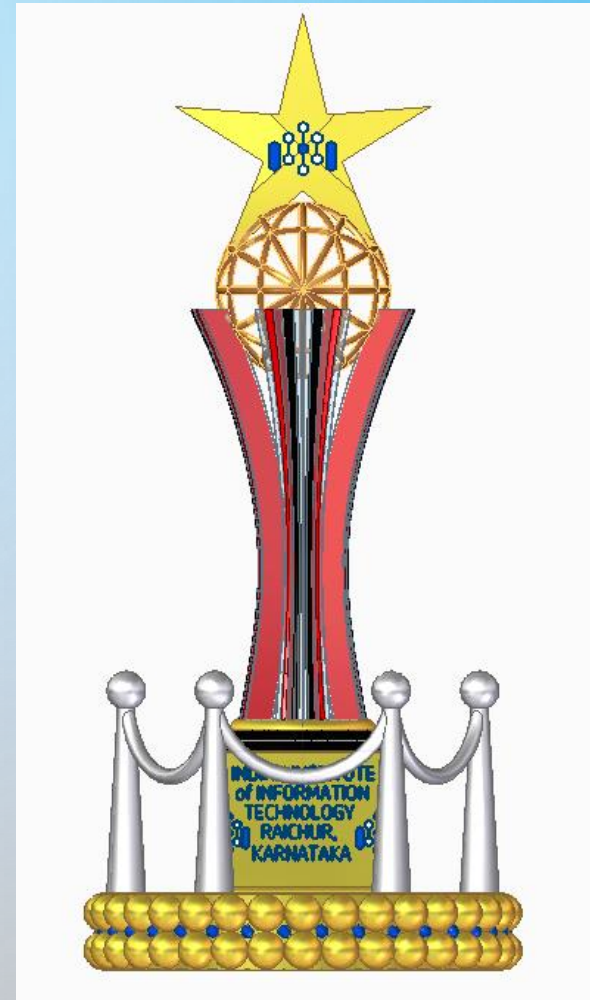

MEMBERS: BEERELLY SRINITHA
SIKANDER KATHAT
SWAMIREDDY MANASA

*We selected the idea of trophy because it is unique. We have put a lot of effort while designing the trophy . There are many features in it like beads, connected chains , curved body, designed sphere and on it sits a star with **IIITR Logo**.*

Problems Faced:

- 1. Making a design*
- 2. In designing the curved stands in mid part and the sphere.*

BUILD ESTIMATES:

Time taken: 11 hr 1 min

Model Material: 52.2 cc

Support Material: 22.8 cc
